REQUEST LETTER

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

By this letter, Applicant withdraws the request for suspension of prosecution filed December 9, 2001 that was apparently never acted upon according to Examiner Maung. The undersigned further requests that this application be afforded expedited consideration as provided for in Section 1442 of the MPEP.

REMARKS

The patience and courtesies that have been extended by Examiner Maung are greatly appreciated. This Letter will confirm Examiner Maung's statement during the recent personal interview of November 14, 2002 that the Request for Suspension of Examination filed December 9, 2001 was never acted upon by the PTO. Applicant hereby confirms officially that the Suspension Request is formally withdrawn as the undersigned indicated during the interview.

The undersigned also wishes to make of record that the subject reissue application is involved in litigation as noted in Exhibit C of the IDS filed simultaneously with this Letter. Section 1442 of the MPEP states that as a result of this involvement in litigation the subject reissue application should be taken up ahead of all other Applications, even other applications that are special (such as those identified in Section 708.01) including other reissue applications unless the reissue application is also involved in litigation.

The undersigned stands ready to provide any additional information that might assist the Examiner in expediting consideration of this application and the Examiner is encouraged to contact the undersigned at the local telephone number or email address listed below.

Respectfully submitted,
